

HARBOUR TOWN EXPANSION & NEW SUPERMARKET

What is proposed for the expansion of Harbour Town?	The Harbour Town brand direct centre will be expanded in 2008 to incorporate an estimated additional 18 brand direct outlets. The redevelopment will also include a supermarket directly to the north of the existing Harbour Town centre.
How big is the Harbour Town expansion?	The expansion to Harbour Town will see an estimated 4,000 square metres in additional space for brand outlet tenancies. The new supermarket will be 3,900 square metres in size, and will directly connect with Harbour Town through an extension of the open mall.
Will there be more car parking spaces, and will there be changes to Harbour Town access from Tapleys Hill Road?	An additional 414 car parking spaces will be created as part of the redevelopment. It will also include upgrading of the access road (Sir Reginald Ansett Drive) on its approach to Tapleys Hill Road and the realignment of the ring road through the car park.
When will construction start and finish?	Construction is expected to start in February 2008 and is scheduled to be completed in late 2008.
